Bear Proof Food Storage: Selway S130

Enjoy a roomy 30 cubic feet of bear-proof food storage with this Selway Series-130 locker. This metal enclosure is ADA compliant and designed for safe and convenient food storage in campgrounds, trailheads, and around picnic tables. The Selway Series-130 can easily fit two large coolers, leaving room for dry goods. Each door can open wide for easy access to goods inside. Doors can be closed by swinging shut. For additional protection, a bear-proof double point, self-latching system has been implemented on the service doors. Door hinges are made from heavy-duty stainless steel to resist corrosion and ensure longevity. Each bear-proof storage locker comes powder coated to the customer's color preference.

This Selway Series- S130 design was successfully tested by the Interagency Grizzly Bear Committee that is located outside of Yellowstone National Park.

AVAILABLE COLORS

From top left to bottom right: Black, Raven Textured Black, Locker Grey, Classic Grey, Blue, Green, Copper Vein, Medium Bronze, Statuary Bronze, Sierra Tan, Safety Yellow, Regal Red, Redwood, Brown
